Hello Dr. Byrdsong,

I am sorry to bother you. I have gone up the chain of command, but I feel I need to share with you how serious this issue is so you are not caught off guard. We have a serious rat infestation and apparently mold, at Sherwood. I just received a call from someone in Chesapeake who is outside of the school system and they know about it. I am really afraid this is going to become a bigger problem. The emails I have been sending are below.

Please call me if you have additional questions.
Thanks!
Cheryl

Good morning and thank you.

I have forwarded this to Danny Johnson for immediate review and have cc'd both Elem ED's as I am not sure which one works with you.

I'll follow up as soon as I hear something back.

Good Morning Mr. Hazelette,
First, let me say it's great to have you back in NPS! I wasn't present at the Principals' meeting, but a colleague informed me that you said for us to contact you directly if there's a problem.

I have attached some emails below, as well as some pictures of what's happening at Sherwood. Mr. Brown has been in touch with me and did send A1 and Acme out; however, there seems to be no sense of urgency. I am certainly not blaming Mr. Brown, as he responded to me immediately and said he's waiting for the Acme proposal. I don't know who has dropped this ball.

[REDACTED]
[REDACTED] According to the worker from Acme, there is mold, rat droppings and urine in the ceiling from years. I have attached pictures of the mice/rats that were caught in a matter of 2-3 weeks, several in the main office. I am told many of them are roof rats. They have chewed through office files, phone cords, etc. and have been seen throughout the building.

I am not only concerned about my health, but the health of the students and staff at Sherwood Forest, as many are ill with upper respiratory infections. I am begging for some relief. The children and staff should not be exposed to this on a daily basis. We will certainly have a bigger problem on our hands if children or their parents are exposed to this.

I thank you so much for your attention to this and appreciate whatever you can do to expedite the process. I apologize for the long email.

Respectfully,

Good afternoon Ms. Jordan,

I am waiting for Acme and A-1 to send me their proposals so that we can schedule this as soon as possible. A-1 will be working in conjunction with Mr. Newkirk and Mr. Stickney to continue the baiting/treatment for the mice issue. Acme most likely will be scheduling their ceiling work on the weekend. I will let you know the schedule/time as soon as I receive it from both companies.

Thanks,

Tony

Hello Mr. Fifer and Mrs. Hamlin,

Can you all please take a look at this letter and provide any feedback? I talked with the parent and she sees no problem with her actions. She actually said, "Mrs. Jordan get off my phone."

Students on the bus were very upset and felt threatened.

Once I hear back from you, I will put it on letterhead.

Thank you!
